Morgan Jones

FULL STACK WEB DEVELOPER | FRONT END DEVELOPER | REACT DEVELOPER

Austin, TX | 512-294-1486 | morgan.kjones95@gmail.com | GitHub: morgankj | LinkedIn: morgankjones95

TECHNICAL SKILLS

Frontend: React.js, Redux, Hooks, Context API, Jest, Cypress, Yup, Axios, JavaScript, HTML, CSS, Ant-Design
Backend: Node.js, Express, SQL, PostgreSQL, Git CLI, GitHub, VS Code, Vercel, Heroku
Additional: Agile Project Management, Algorithms, Architecture, Debugging, Deployment, Adobe Creative Suites

PROJECTS

Underdog Devs, *Front End Developer*   GitHub | Website
React | Ant-Design | RESTful API | Express
- Implemented input tooltips on application forms using Ant-Design
- Peer-programmed to update API endpoints on front and backend repositories to improve code RESTfulness
- Spearheaded effort to troubleshoot bug with table scaling across the application with Ant-Design and CSS

Secret Family Recipes, *Back End Developer*
Knex | SQLite | pgAdmin4 | Bcrypt | JWT | Express   GitHub | Website
- Designed database schema, migrations, and seed data using Knex, SQLite, and pgAdmin4
- Engineered API endpoints and user validation functionality using Bcrypt and JSON Web Tokens
- Developed functional backend environment with Express that stored and managed user recipe data

Potluck Planner, *Technical Project Manager*   GitHub | Website
React | localStorage | Slack | Trello
- Developed front-end login components and navigation using React-Routes and localStorage
- Collaborated with 6 developers and maintained productivity using GitHub, Slack, and Trello project tools
- Implemented debugging processes, ensured page features, and verified dashboard functionality

Jones Family Birthdays, *Full Stack Developer*
React | Axios | CSS | SQLite | pgAdmin4 | Knex
- Constructed front-end architecture in React, configured endpoints with Axios, and optimized page style with CSS
- Built database schema with SQLite and pgAdmin4 and utilized Knex to appropriately manage user data
- Deployed notification application with integrated components to provide creative and personalized user options

EXPERIENCE

Art + Craft Entertainment - *Junior Web Developer*   Oct 2020 - Oct 2021
- Created 10+ website mockups, wireframes, and sustainable web platform using HTML, JavaScript, and JSON
- Managed user and game data, launched updates, and optimized app performance with Node and SQL tools

Art + Craft Entertainment - *Quality Assurance Tester*   Sep 2018 - Oct 2021
- Wrote and optimized 500+ test cases to maximize success of manual software testing with consistency
- Determined server operating limits by conducting FPS load tests and improved performance
- Directed off-site teams, motivated product development, and ensured build stages and releases

Ronco - *Digital Marketing Specialist*   May 2017 - Jan 2018
- Generated digital artwork, retouched, and edited photography used for market packaging and online platforms
- Created 30+ compelling and comprehensive product manuals with brand tailored packaging designs
- Managed website and social media presence to broaden user interactions by 20%

EDUCATION

BloomTech (FKA Lambda School), *Graduate, Full Time Program, Full Stack Web Development*   Oct 2021 - March 2022
Abilene Christian University, *BS Digital Entertainment Technology*   Aug 2014 - May 2017
